To honor our families during Childhood Cancer Awareness month, the chemotherapy nurses from Gonda 10E are providing us a Fall Fiesta meal! Who can't resist a good walking taco??!! They're also bringing us fresh fruit, homemade cookies & bars plus a variety of beverages. Be prepared for some serious YUM!

After the meal, all kids, adolescents and teens will have the opportunity connect at the B.L.A.S.T. Program while adults participate in an open forum discussion and offer support to one another.
