

Brighter Tomorrows *Family Get Together*

September 6, 2016, 6-8pm
Grace Lutheran Church Community Room
800 East Silver Lake Drive NE, Rochester, MN

September is Childhood Cancer Awareness month, something we all find ourselves affected by. Let's come together and support one another. Each person in attendance on Sept 6th will receive a gold ribbon that can be worn all month to show our solidarity in this battle for our child's renewed health. It may also serve to remind the community that children get cancer too.

In addition, Dr. Daniel Hilliker, a Mayo Clinic pediatric psychologist, will be facilitating our sharing time. We will be addressing how we, as parents, can help our children/teens cope with the emotions that come with their diagnosis and treatments. We will also be discussing how we can help them (as well as the whole family) readjust to life after treatment as everyone tries to mainstream once again.
